

Tufi adventure itineraries

Bird watching

Tufi offers great opportunities for bird watchers with many endemic New Guinea species present at many sights. The many village guesthouses along the coast and on the ridges make it possible to combine different locations for a rewarding stay, weather for a few days or for a longer stay.

It can also easily be combined with a stay at Tufi Dive Resort, itself a good viewpoint for bird watching.

Four weekly flights with Airlines PNG connect Tufi with Port Moresby.

To get most out of your stay, get trained bird watcher William Kegana to be your guide.

- One night guesthouse stay:

Awanen - The guesthouse verandah: palm cockatoos, bald-eyed crows, hornbills etc
- Mangroves and hilltop behind guesthouse: hornbills, parrots etc
- Sinclair's garden shelter on the ridge: Raggiana bird of paradise

Orotoaba - Jackson's guesthouse verandah: manucodes, parrots etc
- Forest walk (1hr) to Raggiana lek tree

Tumari - Forest behind school: Short walk (25min) to great number of Raggianas
- Further inside: palm cockatoos, pheasant coucals etc
- Garden shelters up the river: great variety of birds

Barabara - Guesthouse verandah: Many white cockatoos, hornbills etc
- Forest walk (1 1/2hr) to Raggiana lek tree

Angorogo - Between church and Bambiti hamlet: Raggianas right by the village
- The grasslands behind Bambiti: viewpoints with great bird variety
